

SCENIC HEIGHTS

**VISITORS' DAY OBSERVED AT
BIG HORN**
SCENIC HEIGHTS, April 14.—For the past three years it has been the practice of the scholars of Big Horn school to hold a Parent-Day and last Thursday afternoon was the time reserved for the occasion this year. Master time is a suitable time for

As the closing functions of the school literary society are observed at this time, it is regrettable that quite often, it comes at a time when the roads are breaking up.

As usual, a good crowd turned out there being twenty-one names on the visitor's register.

Mr. Howlett spoke a few words of welcome to the visitors before turning

The meeting was opened by the President, Evelyn White, and the business soon completed. The school paper, "The Big Horn Tribune," was then read by Jack Doel. An interest-

The program consisting of recitations, songs, dialogues and monologues followed. An outstanding feature of the program was a debate, resolved "That the larger administrative unit as proposed by the present government will be of greater benefit to the rural schools of Alberta."

The debaters were selected from the Grade IX class. On the affirmative were Mary Thompson and Jonney Klassen; on the negative were Jean Doe and Adley Carter.

The judges were Mrs. E. H. Keith, N. B. Edgar and L. Helken, who returned their decision in favor of the affirmative.

During the time that the judges were out in arriving at their decision

Prize Thruout delighted the visitor by singing, "Pining for the Pine" and "Caroline." Mervin Tetreau was also good in his song, "The Strawberry Roan," playing his own accompaniment on the guitar.

Refreshments were then served bringing a fitting close to a fine social afternoon.

S.H.A.A. HAD GOOD YEAR

The annual meeting of the Seaside High School Athletic Association was held at the ball room last night.

With the rink caretakers paid up in full, as well as other incidental expenses, a slight surplus still remained. In addition to this, it was agreed that

the past season was the most successful yet, as far as the skating rink was concerned.

A vote of thanks was tendered Mr. Wm. Henn for the use of his pipe, and also to Mr. Harry Patterson for the use of his water tank.

Among other things, it was decided that the rink grounds should be levelled after seeding. The sports ground was left as is.

A meeting of the U.F.A. Local was called for Saturday night in the hall.

LOCAL BRIEFS

Eugene Sander was held in

The 'flu is finally abating. The last to have it was Mr. E. Harvey. Under excellent care, he was fast recovering by Good Friday.

Mr. Howlett went to Hythe on Good Friday where he intends to spend the Easter vacation. School will re-open on Thursday, April 10.

Una Powell, six-year-old daughter of Mr. and Mrs. Uri Powell, has had a very nasty siege of the cold. Her condition was such at one time that Dr. Miller was called out rather hurriedly from Wembley. We are glad to say that she is now recovering.

HUALLEN NEWS

The Hemmer Lodge has gone out
creeks are running, and the snow is
all gone. The river is not as high as
in former years and there has been
less washing of land than is usual
in the case. Land is still too wet to
work and it is not likely that a start
with spring work will be possible for
at least ten days.

Lower Beaver Lodge School was closed for the past week, owing to the teacher, Miss F. Hopps, being ill with the "flu," but we are pleased to hear that she has recovered and is again back at her desk.

Mr. and Mrs. V. C. Flint were visitors at the home of Mr. and Mrs. Hugh W. Allen Easter Monday.

Ken Edgerton returned last Friday from Vermilion, where he attended agricultural school. Ken says he found the course enjoyable as well as helpful.

The Mitchell children, Donnie and Dorothy, are still in hospital with pleurisy. Their condition still causes some anxiety, but it is hoped that they will soon be on the road to recovery.

Mr. M. Harveston of Grande Prairie was here for a few days relieving a U.G.G. elevator while the operator J. A. Mitchell, was away at Grande Prairie.

Mrs. Jack Mitchell is at present staying with friends in Grande Prairie to be near her children who are in the hospital.

Jack Blair has had a new well dug on his farm here. A plentiful supply of water was struck at a depth of 2 feet. The well was located by the prominent local dowsers, Stanley Houcher.

Dr. Millar of Wembley performing an "emergency operation" on the fly.

Timely Hints From the Beaverlodge Sub-Station

By W. D. Albright
"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

Our friend, the sixteen-dollar flake!

Lecumine is a good form in which to supply time to live stock.

A rose society is functioning this year in the Beaverlodge neighborhood.

A smooth, firm road bed makes for a prompt, regular, economical, full stand and an evenly ripening crop.

Bacon swine experts look with increasing favor upon the pen feeding of market stock—but what about the beef factor?

A new horse collar, like a new hood, needs shaping by gradual use or the great strain is imposed upon the wearer.

Formaldehyde is a friend of the wireworm or at least an enemy to his host plant. Wireworms wreak their greatest havoc on straggling crop stands of flowering cereals.

How human is it of cattle in most civilized countries. It is almost as if they were more comfortable? Watchful attention of the herdsmen's part is the price of immunity for his charges.

Beaverlodge honey finds favor wherever it goes. An Edmonton order was followed by a repeat and this by enquiry as to when the next crop.

Keep GOING with

BETTER BRAN FLAKES

Be SURE you get genuine bran flakes that contain enough bran to be mildly laxative. Kellogg's PEP Bran Flakes are truly better bran flakes. Popular with the whole family. Delicious. Nourishing. Ready to eat with milk or cream.

Enjoy these better bran flakes often. Always oven-crisp at your grocer's. Made by Kellogg in London, Ontario.

the NEW SOAPONE

The only soap on the market made especially to suit Alberta water. None infectious to any. None injurious to skin. None containing alkali. A.K.A. your own soap. Soapone is an Alberta Made Product by Albertans.

YOUR HOME IS YOUR CASTLE

Admit only clean, constructive news by reading THE CHRISTIAN SCIENCE MONITOR

It gives all the constructive world news but does not contain crime and scandal. Has interesting feature on family and children. For children, the "Children's Page" and "Children's Column" and "Children's World" are the "National" Column and "The World We Live In" Column.

The Christian Science Monitor is published daily except on Sundays and public holidays. It is published in the United States, Canada, and other countries.

corner of corrosive sublimate are dissolved in one gallon of concentrated hydrochloric acid (specific gravity 1.18). This is added to 21 gallons of water in a non-metallic container. Persons are immersed in this for at least five minutes. The quantity of solution will treat 34 pounds of potatoes. The dissolved solution is not strong enough to injure the hands in ordinary practice.

Corrosive sublimate treatment of potatoes is a new method of controlling potato blight. It is a very effective method of controlling potato blight. It is a very effective method of controlling potato blight.

Reclaiming Bog Land

I want to reclaim a piece of bog land. How much table water will have to be removed—two feet? This land is a blue clay and in spots a black mud with a covering of peat moss. In places, with two on the average. Will this land have to be plowed up one season and allowed to stand a full season and planted the third season? Would the soil be very acid? What steps would I have to take to sweeten this land? How deep should the drainage be? Should it be made to drain into a stream, or should it be made to drain into a pond? What are the best kinds of crops to grow on this bog land? M. D. Grande Prairie.

Ans: This question is frankly beyond my personal experience, but the following observations have been submitted to a field husbandman, who has been informed as to a year ago that in his country it was found that the bog land was not so bad as it was supposed to be. It was found that the bog land was not so bad as it was supposed to be. It was found that the bog land was not so bad as it was supposed to be.

It might be feasible after drainage to seed this land to grass without any further treatment. It might be feasible after drainage to seed this land to grass without any further treatment. It might be feasible after drainage to seed this land to grass without any further treatment.

We believe most of our peat soils are more or less acid, and are equally so. In some cases drainage and cultivation seem to fit them for successful cropping. In some cases, proved inadequate, lime could be resorted to, but under our conditions it would be better to use lime in the preparation prescribed one would be able to grow broom, timothy and oat, or even a mixture of the two.

BAY TREE NEWS

BAY TREE, April 6.—The 1936 model of March has gone out and the new Bay Tree has been ordered.

Many hope it is the last gesture of our extraordinarily odd winter, when, chinquap, from Stewart and Akavik alternated. Yet without, though this winter has seen lots of fun in the heaters and piles of blankets and warm wraps yet the winter and snows have had a rest.

Trappers back in the bush—over the winter report getting good value for their animal products. The trapped furs, skins and bones are being sold. Rabbits have been very scarce and only occasionally have the hawks of the coyotes been heard.

The March windup, with its snow, rain and sleet, has been a most welcome change to the winter weather. The weather has been very good and the weather has been very good.

The weather has been very good and the weather has been very good. The weather has been very good and the weather has been very good.

The weather has been very good and the weather has been very good. The weather has been very good and the weather has been very good.

The weather has been very good and the weather has been very good. The weather has been very good and the weather has been very good.

Sexsmith School Fair Annual Meeting

Teachers and representatives of school districts in the vicinity of Sexsmith are requested to attend the Annual School Fair Meeting in Sexsmith on Saturday, April 25, at 2:30 p.m.

At this meeting representatives of the departments of Education and Agriculture will offer suggestions, handouts, the boys and girls in this important phase of school enterprises.

WOULD THEY OR WOULD THEY NOT BE QUESTION

Now that war clouds are looming darkly over Europe, one of the leading topics of conversation amongst the men is as to whether they would join the colors in the event of Canada taking part in the conflict.

We have been told that one of our prominent farmers, living near Sexsmith, stated that if this should take place he would guarantee to raise a battalion himself, and to lead a careful country would put him in charge with this battalion and a half of the battalion would be Scotchmen, the other half Swedes, and the trouble would be in keeping the two nationalities from annihilating each other before they got to the front.

"VIMY" DANCE WAS BIG SUCCESS

The "Vimy" dance put on by the Canadian Legion at the Grand Theatre on Monday night, April 13, was an unqualified success. There was not a large crowd and the dancing was not large, but this can be accounted for by the poor condition of the roads, and even this drawback did not detract a few from the country. The hall was comfortably filled, and those who did come certainly did not regret it, as some of them kept at it until five o'clock next morning. Kirstein's orchestra supplied the music.

"BEHOLD MY WIFE"

Do not miss seeing "Behold My Wife" at the Grand next Saturday and Monday, starting time 8:00 and 8:15, with a strong supporting cast.

Y. P. S. HOLD REGULAR MEETING

The regular meeting of the Young People's Society was held at the church of vespers service at the United Church on Monday, April 13. The business session was very short, and the remainder of the evening was in charge of the literary program.

Miss Conrad gave an address on "The Outside Influence" on the lives of famous writers such as, Hemingway, Byron, Browning, Burns and Edgar Allan Poe, reading one of Poe's fanciful tales, "Fortunio," as an example.

The next meeting will be held on Monday, April 27, and the subject will be "Citizenship."

GORDONDALE

GORDONDALE, April 2.—The chinook has halted its drive on the snow and a cold spell has set in to help the last-minute hatteries. All creeks are open up to take away the water and everyone is optimistic regarding the draining of their land. Unless heavy rain, a factor which flood is not expected to be anywhere near the level of the last four years, which will mean a big factor in the spring, the laying out of one or two bridges.

Grain cleaning is the order of the day with most of the boys, while some are out looking for horses with some to do their spring work.

A chicken lost a home last week, which brings the total to 47 dead since 1935 through various forms of sickness.

The buzz out here buzzed around this week and has about completed the rounds. Services are so good that others have taken the notion to have some seen and it has to back-track to oblige.

Mr. Henry Kirkness has returned from McLean, where she has been visiting her sick sister this last while.

Humors are quite prevalent, but to date the permanent destination of the post office is unknown.

While busking Wood at Mr. Ed Johnston's quite a few of the boys had the pleasure of meeting his new cook and housekeeper, Mrs. Lavett, and from remarks heard afterwards she has taken well with them. She can sing and also take a joke with a smile.

Competition is the life of trade, and being that we have two stores here now through the advent of Mr. Paul Radley into the store business, trade should be let for a while anyway. One store is situated in the bunkhouse of Mr. Henry Kirkness, the other in the late residence of Mr. Lee Gundry and everyone is hoping that after the smoke of battle drifts away we have a competent store left so that these 20 and 40-mile drives over almost impassable roads can be eliminated. Mr. Paul Radley is the owner of the thriving machine with some to give a while after finishing threshing operations.

EASTER VESPER SERVICE AND CANDLE LIGHTING CEREMONY

The Sexsmith C. O. E. T. group held an Easter Vesper Service and Candle Lighting Ceremony at the United Church Easter Monday which was greatly enjoyed by those attending.

Dorothy McMillan sang a song, "Love in the Grass He Lay."

This is a very live and interesting group of girls, under the capable leadership of Mrs. R. Sharp, and future services will be looked forward to with anticipation.

"CATCH OF THE SEASON"

The "Catch of the Season," a musical comedy being presented by the St. Joe's Dramatic Society of Grande Prairie, will be brought to Sexsmith on Thursday evening, April 23, at the invitation of the Ladies Altar Society.

This is the only affair being given by the Ladies Altar Society for the year and it is hoped to raise enough funds to repair the church.

Admission for adults will be 50 cents, for high school students 25 cents, and for children 10 cents.

EAST KLESKUN

EAST KLESKUN, April 13.—Your correspondent received the following clipping from the South End (Indiana) News-Times, under date of March 11, 1936, in the last mail:

John Walker Barnes, 80, of 303 Napoleon, South End, died at 1 p.m. Tuesday at Epworth Hospital, following a six-day illness.

Mr. Barnes came to South End from Fort Riley, Kansas, on December 2, 1903. He was born in Salem, Ore., in 1856, and was a stock man and rancher for many years.

In his early manhood he had a colorful career as a frontiersman and with the Indians in 1878 he served as a volunteer in Captain Cleveland's troop of the Volunteer Cavalry in the Nez Perce outbreak in western Idaho and eastern Oregon. The troop supported the regular cavalry under General Howard and later under General Miles.

He is survived by one daughter, Mrs. Sumner Smith, South Bend, Ind., and one son, John C. Barnes, Seattle, Wash.

Funeral services will be held at 2 p.m. Thursday, with the Rev. Wyley Price Jones, D.D., pastor of West-Union Church, officiating. Burial will be in Highland cemetery.

All of the outcrops of this district will be with snow of the passing winter. Mr. Barnes came to South End from the Peace River country over the north slope of Kleskun Hill, where he farmed for many years. Shortly after the war Mr. Barnes moved to the farm and moved to the states to reside with his daughter.

All those who know Mr. Barnes will mourn the passing of a kind, gentle, a considerate neighbor and one of nature's own noblemen.

BEZANSON NEWS

SMOKY RIVER GOES OUT
BEZANSON, April 13.—Spring is here at last—at least when the hawks start flying over and crows cawing it sounds like spring.

Smoky went out on Saturday, April 11, nine days earlier than in 1935.

PREPARING FOR SEEDING

At this season of the year farmers are all on their toes getting up all the hay-wire, barbed-wire, any kind of and harness, in preparation for seeding of another big crop. At least we hope 1936 will prove a better crop than 1935.

BACK ON STAMPING GROUNDS

Most of the boys who have been working in the camps and lumber camps have returned to the old stamping ground. Jim Conroy is making the rounds visiting old friends and making new ones.

Elmer and Earl McLaughlin, Bur Patterson, Alfred Wales, Hughie Moon and Gordon have all returned from Bob Moon's camp at Ntlan. They all report as being rested up and ready for the spring drive, and ready for a logging camp for a holiday, they say.

Harold Ford is busy these days with his Viking tractor and Bull Dog tractor, picking the wild oats out of thousands of bushels of seed grain.

Fred Dewhurst was seen pulling his wood-sawing, and a few of the boys had him after a month's sawing.

Elmer Hunter is visiting with the Smith family west of Grande Prairie. Charlie Ford doing a land office business with his new sawing outfit.

Jim Platt moved his herd across the river before the ice went out. February was one of the hardest winters on record for smoky wintering out, but there were few snow drifts and the good green grass.

SEEN AND HEARD

Johnny extracting teeth painlessly and without any charges.

Every driving south with a light in her eye wonderful to behold.

Sam looking for rats, and sorrowfully returning home minus his summer's grain stake.

That if Social Credit fails the rats come, and the crop comes, we will have the place.

Ada riding a branch to a standard, but nervous on the start.

Arthur hauling lumber looks like the folks on had better be getting the front out of that old foot.

Gladys home on a visit looking in the junk of condition.

Oliver predicting a good crop and a fair price. Here's hoping.

Queen Mary and Her Grandchildren

A delightful at-home portrait taken at Sandringham, shortly before the death of King George, shows Her Majesty with her grandchildren, Princess Elisabeth and Margaret Rose, the children of the Duke and Duchess of York, and the baby Prince Edward, son of the Duke and Duchess of Kent.—The Times

EAST END NEWS

EASTER CONCERT
Some time ago in the Junior Room at Five Mile Creek School a committee was chosen by vote from amongst the scholars to put on a concert for Easter. The following were chosen: Miss Elsie Evans (Chairman), Miss Sarah Ungar, Miss Colleen Tiesington, and Master Edwards Kempe. The program, as follows, was very ably given.

1. Recitation—"Some Things That Easter Brings," by Bobby Kimpke.

2. A Play—"Telling the Easter Basket," by Grades 1, 2, and 3.

3. Recitation—"Secrets," by Fern Peterson.

4. Recitation—"Mary Ann," by Elsie Evans.

5. Play—"Town Musicians," by Grade 3.

6. Recitation—"An Easter Bunny," by Herman Rowley.

7. Song—"Cowboy Jack," by Sarah Ungar, Elsie Evans, Colleen Tiesington, and Master Edwards Kempe.

8. Play—"Getting Acquainted," by Audrey O. Heria and Reeta S. Maxine O. and Marie B.

9. Recitation—"Easter," by Henry S.

10. Recitation—"Going An Errand," by Edward Kimpke.

11. Play—"A Doll Class," by Sarah U. Heria and Reeta S. Victor K. Ronald S. and Reel B.

The Senior School, also pro-school age children were invited to attend. Those attending all report a fine entertainment in the very near future.

As customary, Miss Brightwell again presented each of her scholars with a chocolate Easter token.

CHURCH SERVICE

Easter Sunday morning in spite of the condition of the roads, saw quite a nice assembly at the Five Mile Creek schoolhouse for church service. In his usual narrative way Mr. Fisher spoke on the meaning of Easter. Quite an enjoyable time was had by all.

Mr. Fisher announced the next service for April 20, at 11 a.m. with Sunday school at 10:30 a.m.

It is hoped that the service will be in better condition, so that others will be able to attend these helpful services.

SUNDAY SCHOOL WORK

Whilst away on church business, the Rev. C. E. Fisher brought up the matter of Sunday school work in mind. Mr. Fisher spoke of this matter on Sunday morning and of a scheme that he hopes will take tangible form in the very near future. When ready the plan will be explained in East End news.

MUD LAKE WORK DELAYED

On account of the weather and the quantity of water in the lake, work on the dredging has been delayed until the water recedes.

The usual torrent of water at the Macklin crossing east of Grande Prairie was not so much as usual. The grade through Clarke's slough is the best it has been in years.

Messieurs Fortier and Wright and Miss Christina Mills took in the church service at Five Mile Creek on Easter Sunday morning.

Johnny Versailles is working for Bill Drynan.

Albert Blinke has been very busy hauling building logs and hopes to fully returning home minus his summer's grain stake.

Rev. C. E. Fisher was very grateful for the lift out to the service at Five Mile Creek.

INTERESTED IN "FLYING FLEA"
L. C. J. Fisher, speaking to a group of interested listeners, tried to describe the progress of the Flying Flea, saying that it was in the progress whilst on his visit in the East. One listener remarked that he

TEEPEE CREEK

TEEPEE CREEK, Mar. 30.—Winter again after a very short summer.

Tom Focke of Smoky Heights is making the rounds of the wood piles. So much cold weather takes a lot of wood.

Mrs. Erno and Mrs. H. Fink were quite sick for a couple of weeks but are better now.

The few that attended the dance last Friday night, put on by Chris Larsen, report a very good time.

Mr. and Mrs. Maxwell left on Tuesday's train for Wotahshwin, having received a message that her sister, Mrs. Jan Maxwell, wasn't expected to live.

Gus Steinkie and family and Freda Steinkie visited at Wm. Maxwell's last Friday.

Mrs. Norman and Tom and Miss Bailey were visitors at Harold Lewis' one day this week.

Mrs. Wm. Bailey and little daughter are leaving on Friday's train for Edmonton and points south for a month or two.

Mr. and Mrs. Maxwell spent last week-end at North Kleskun, visiting Mrs. Maxwell's parents.

Mr. M. Fraser shipped cattle out to Edmonton on last Friday and will join Mrs. Fraser, who went out the week before to see her father, who has been quite sick all winter.

Mr. Conrad of Clairmont was in the neighborhood this week fixing up the horses' teeth.

Mrs. T. Sorenson of Fitzsimmons and Ruby Thomas were visitors at Mr. Glendenning's on Monday.

In 1935 over 77% of the total crop of barley produced in Canada was grown in the three Prairie Provinces.

The Tribune is the only weekly Alberta carrying a full page of the latest illustrated news.

Miss McArthur, the Presteville school teacher, went to Edmonton for Easter holidays on Friday.

Mr. V. Davis left on Friday's train for his home in Clairmont, to spend Easter there.

Also and George Anderson arrived home on Tuesday's train.

Seen and Heard
Perry Parks sawing wood for Joe Johnson.

The elevator man having a trained nurse to look after his dog, which broke its leg.

Matt Parks preparing to start mowing this week.

A certain young man walking to the teacher's evening which was postponed. Better luck next time though, old boy.

The Burnt River running full force again.

The mast of a sailboat invented in Sweden resolves to roll its sail, enabling one man to handle the craft.

WAKE UP YOUR LIVER BILE—
And You'll Jump Out of Bed in the Morning Ripe to Go

The liver is the most important organ in your body. It filters out the poisons from your blood and keeps you healthy. If it gets clogged up, you feel tired, sluggish, and generally unwell. That's why it's so important to keep your liver in good shape.

Ask for Carter's Little Liver Pills in every drug store. They're the only pills that will really help your liver. They're so gentle, you can take them every day without any harm. They'll make you feel like a new man in no time.

FLYING SHOT ITEMS

PLAN BIG SOCIAL AFTERNOON
FLYING SHOT, April 14.—At our last social meeting only five members were present, owing to sickness. Miss Foy took down the minutes, Mrs. Smart being absent through sickness. Also Mrs. Alice Cameron and Mrs. Hugel having sickness in the house.

Easter cards were presented in answer to the roll call. These were to be passed on to the hospital.

It was decided at this meeting that our May meeting take the form of a social afternoon and that invitations be sent to all the ladies of the district to come and spend the afternoon with us. Mrs. Foy will give a paper, and Mrs. Hugel will sing, all being well as to the hospital.

We trust that all sick members are better, and that the rest of the people in Flying Shot who were on the sick list have recovered.

LOCATES WATER
Mr. Hugel has been successful in locating water at the school grounds, which will be a great boon, both to the school and teachers.

FORTNIGHTLY CHURCH SERVICE
There was a nice turnout to the church service last Sunday, held by Mr. Fisher. These services are to be held fortnightly from now on, so that the next service is to be the coming Sunday, April 19. A very cordial welcome is extended to all.

A JOLLY EVENING RECORDED
Nine tables of whist were played at the hall on the night of April 3, the prize winners being: Mrs. Bill Bean, ladies first, and Miss Betty Smart, the consolation. Mr. Bob Cameron won first, and Alice Hinkoff consolation. Mrs. Joe Hugel being the winning lady, and Mr. Conrad Tiesington the losing card at table number one when the game ended also received a small prize.

During the supper intermission Mrs. Hugel gave a duet, but I am afraid old Monday let her down, and the poor old folks were singing alone for an encore. Mrs. Hugel sang very well indeed "Bongal" which was very much enjoyed.

The four popular young ladies—Misses Barbara Smart, Olwyn Griffiths, Margaret Griffiths, and Katie Zahn, sang very sweetly the "Tale of a Camel."

After this Miss Margaret Griffiths delighted the audience with a solo entitled "Land of Roses." This she sang beautifully.

The floor was then cleared and dancing indulged in and carried on into the early morn. During dancing a spot waltz was called, Miss W. Tiesington and Harold Stephenson being the winners. Music for the dance was furnished alternately by mouth organs played by Mrs. Bill Bean and Joe Zahn, and the gramophone, kindly loaned by Miss Foy.

Everybody recorded a jolly evening.

BIRDS RETURNING
Our feathered friends are returning, which is a sure sign of spring. Snipe, ducks and cranes have been seen. Farmers in this district are busy working on the land by the end of the week.

Mrs. and Miss Foy are spending their Easter holidays with Mr. and Mrs. Polheim at Sexsmith.

We are sorry to report Mr. Rose having to spend the past week in bed with a painful back.

VALHALLA NEWS
VALHALLA, April 13.—Mr. P. A. Johnson left for the coast Tuesday last.

Mr. and Mrs. T. M. Hagen visited at the home of the latter's parents on Sunday.

Mrs. G. A. Olson was a business visitor in Kyrie on Saturday.

Mr. H. Oarsa of Hythe is a Valhalla visitor this week.

Mr. and Mrs. Kivij and family were Sunday guests at the home of Mr. and Mrs. Severson.

Miller Patterson purchased three head of horses from Helmer Johnson last week.

ODD BUT TRUE
Saturday saw a big day for many Valhallites.

Hub burning up the trail from Albright.

Johnny out driving in the demerol, but not alone.

The red tractor getting a rest at last.

BRITAIN SIGNS THE NAVAL TREATY

Sir Hilton Myers-Monell, chairman of the Naval Conference in London, is shown signing the new Naval Treaty on behalf of Great Britain. On the left of the British chairman are the French delegates, and on the right are the United States representatives. The picture was taken in the Queen Anne Room, St. James' Palace.

A STUDY IN ATTITUDES AND EXPRESSIONS AT THE LEAGUE MEETING

Here is a remarkable study of expressions during the German delegate's speech at the special League of Nations Council meeting in London. Looking from the left of the table, the picture shows Signor Grandi (second left) seriously wincing every German word; M. Flandin of France, may be drawing squares and circles on his memorandum pad, or he may be taking down the speech verbatim; Right Hon. Stanley Bruce of Australia, and chairman of the League meeting, may want to laugh or speak out of turn, but appears determined not to do either; M. Avenol, Secretary-General of the League, appears to be in dreamy contemplation; Mr. Anthony Eden, British Foreign Secretary, is considering if his nails need a manicure, while M. Litvinoff, Soviet Commissioner for Foreign Affairs, is so interested in the speech of the moment he is reading a newspaper. Last, but by no means least, M. Beck of Poland is registering an expression which suggests he considers the entire matter "noise-able politics."

"GOLDEN MILLER" WINS GOLD CUP IN GREAT STYLE

Just when horse racing experts were beginning to wonder about the apparent "sulkiness" of Golden Miller, winner of the Grand National two years ago, the beautiful jumper won the Cheltenham Gold Cup easily, to reestablish itself in the eyes of the critics. Here is Golden Miller, center, going over the second fence with "Royal Mail" on the left and "Southern Hero" on the right.

TWO DIE IN ATTEMPT TO RESCUE FLOOD VICTIM

Two men were swept away to their death when their rowboat overturned on the first futile attempt to rescue this Pittsburgh flood victim, who was later carried to safety from the upper story of the building in which he had been marooned. Rescuers are shown lifting the injured man from the boat.

QUINTS ACQUIRE TWIN COUSINS

The famous Dionne quintuplets acquired twin cousins when two daughters were born to Mr. and Mrs. George Dionne of Chicago, second cousins to the Ontario Dionnes. George Dionne, father of the new arrivals, is shown inspecting the babies with his two sons, Louis and Francis.

"All right. If you won't marry me, you won't. But you might at least help me up!"—Hummel, Hamburg.

What One Girl Wore:

By Betty Brownlee

Trim and sprightly is this afternoon dress of black and blue printed silk. Against a background of rich ebony blue, several hundred French blue flowers disport themselves as if rioting in a meadow steeped in dark evening shadows. A sweeping collar culminates in a bow, both of a blue to match the blossoms and entirely redeem the costume from the sombre effect so often achieved by unrelieved black.

The dress is a two-piece low-neck affair, the skirt, including a bodice top, which is revealed in the sketch. This, too, is of a material and shade to harmonize with lapels and bow. A snug fit is achieved in the peplum jacket by a tightly buttoned waist, tiny covered buttons being used.

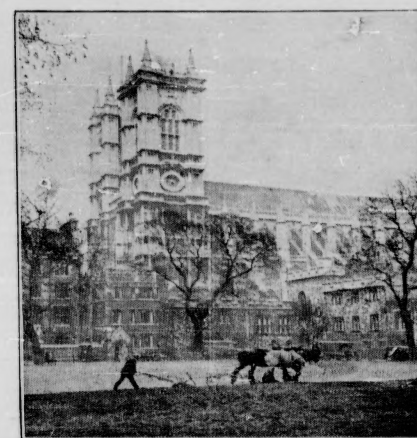

A peppy beret, of black velvet, with a peppy, somewhat obstreperous bow perched forward, is a fitting head-piece in completing an ensemble of sartorial smug in which to go to business, to tea or shopping, with impending mid-May breezes to instill the wanderlust.

SPRING IS IN THE AIR

Looking at the above picture creates the urge to get out the lawn mower, the hoe and spade, and there are many prophets who claim that spring is just around the corner. This photograph shows plowing in progress in the Dean's Yard, Westminster Abbey, where new grass is to be sown.

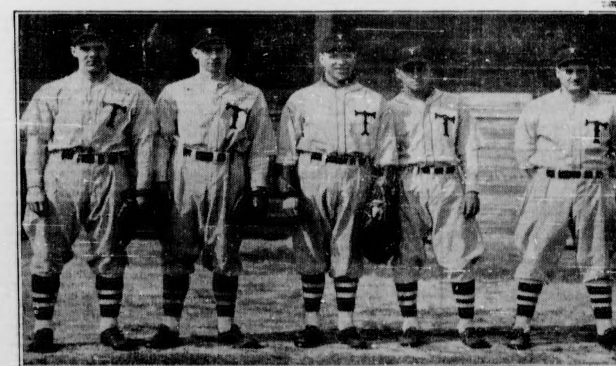

PLEASE PAGE MR. MERCURY

Pennington of Oxford seems to emulate Mercury as he wins the hundred yards race at the Oxford-Cambridge Sports Meet at the White City Stadium, London. With this terrific last stride he completed the distance in 16.2 seconds.

NEW FRENCH CAR STARTLES PARIS

Frenchmen have to look twice these days before attempting to cross to the other side of the road because it's difficult, they claim, to find out whether the new 1935 French cars are going or coming. One of the latest, designed by M. Andre Dubonnet, above, with its engine placed at the rear end and a tail fin at the end of the streamlined body. During trials this car proved 50 per cent faster than a car of the usual design. Gasoline consumption was also lessened considerably.

FIVE LOCAL BOYS IN TRAINING WITH TORONTO BASEBALL TEAM

When the Toronto Maple Leafs baseball team dug in at Haines City, Florida, for spring training, five Toronto boys were in the line-up, which is a record. The Toronto quintet, left to right: Porter, Oswald, Steamer, Lucas, Mitchell and Sterling. Of these five, Porter, Lucas and Sterling are certain of berths on the team when the International season opens.

Gleanings of Interest To the Women Folks

By THE GLEANER

There will not be a Junior C.W.L. meeting at the Academy on Friday.

Mrs. Boyle and children were overnight visitors at the Academy on Thursday.

Mrs. Hunter entertained a few of Miss North's friends to afternoon tea on Tuesday.

Mrs. A. E. Gudmundson gave a farewell tea for Mrs. R. Bean on Thursday afternoon.

Mr. and Mrs. Frank Ryan of Dawson Creek were the guests of Mr. and Mrs. H. Hickman for a few days.

SPRING RUMMAGE SALE

The Spring Rummage Sale arranged by the Anglican W.A. will take place on Saturday, April 18, in the Speke Hall.

Miss Dora Doyle, teacher at Tranquility school, left for Easter vacation in Grande Prairie.

Miss Frances Spier entertained a few of her friends at a little dinner party on Sunday evening.

Mrs. Crosby and her daughter, Edith, left on Tuesday's train for Calgary.

Miss Dora Doyle gave a dinner guest of Miss Saverna Han on Sunday evening.

Miss Dora Doyle was Mrs. R. Fitzgerald's dinner guest at the Academy on Friday evening.

Mrs. F. Hickey entertained a few friends on Wednesday afternoon in honor of Mrs. R. Bean.

So poor Jimmy Jaeger couldn't find his Cinderella, and it wasn't Jack Redmond's fault that he wasn't landed with four charming girls!

The "Catch of the Season" party took heartily of a generous and delicious lunch on Wednesday evening.

Mrs. Cave-Brown, who has been spending her Easter vacation with her daughter, Mrs. Sanger-Davies, returned to town on Monday.

From Tuesday until Friday, Billy Storm Junior called on his home-fied "Kellie" and rode "Pine-Pine" on the Sanger-Davies ranch.

Mrs. Walker entertained the North End Two-Table Bridge Club on Wednesday evening, when the honors went to Mrs. Skitch and Mrs. Law.

Margaret Spier, Marian Pratt and Shirley Dastebrook visited their little friend, Frances Oliver, who has been ill for the past week, on Saturday and presented her with a box of chocolates.

Mr. and Mrs. R. Bean and family and Miss Nora Edgar expect to leave on Tuesday's train, the former for Winnipeg and the latter back to the Winnipeg Hospital in Woodstock.

BOYS AND GIRLS: DINNA FORGET

A real treat for all the school boys and girls, the "Catch of the Season," a musical comedy play, is to be given after school on Monday, April 20. Admission has been reduced to ten cents to give all the young people a chance to enjoy it.

AT THE CHURCHES

The many readers of Patricia McDevitt's original and interesting interpretation of applied art which have appeared regularly in The Tribune's columns for some time past will regret to learn that she is no longer able to continue through illness. The author of "Home Crafts Corner" expects to return to her home through illness. The author of "Home Crafts Corner" expects to return to her home through illness.

Mrs. R. Bean was the guest of honor at a tea at the home of Mrs. Hillman on Wednesday afternoon, when Mrs. Bert Brumley was joint hostess.

The L. O. D. E. was held last Friday week at the home of Mrs. A. E. Gudmundson. After the meeting the members presented Miss Dorothy Medlock, bride-elect, with a silver casket dish.

Mrs. A. E. Gudmundson was hostess to the Young People's Three-Table Bridge Club on Wednesday evening. This was the last bridge of the season and prizes for highest total score went to Mrs. Gudmundson, Miss Mary Weston and Miss Lillian Hearty.

Joyce Tuter of Lethbridge, Caroline Frances and Lucy Hilda of Bear Lake, and Mary and Nellie O'Connell, Betty and Patsy Brown of Grande Prairie, boarded at the Academy, returned to their homes for the Easter vacation on Friday.

The girls who used to chum with Miss North Edgar during the years before she left for Woodstock all had a happy reunion with her at the home of Mrs. J. Evans on Monday afternoon.

WHY MOTHERS GROW GREY
The other day a young chap was so elated over the coming of spring that he deliberately lay down in the ditch near the Elks Hall. His emotion was almost complete, as the only part of him showing above the water was his head. No wonder mothers grow grey.

WAS SPECIAL GUEST
SPEAKER AT W.M.S.
Mrs. Huston of Wembley was the guest speaker at a special Eastern meeting held by the W. M. S. of St. Paul's United Church, Grande Prairie, on Thursday, April 9.

Come along, folks, to the Elks Hall on Monday afternoon or evening—I assure you it will be worth your money merely to see the long and the short of it (not to mention the narrow and the broad); and Pop-Eye's little brother "Gymnast" will delight you. I know! And oh, boy! the Mystery Chorus will steal your hearts!

Mrs. F. Lockyer and her three children—Lorraine, the eldest and youngest—left on Tuesday night to join Mr. Lockyer in Edmonton, where they will await his return from a recuperation from an illness which has kept him in University Hospital for six weeks past. When he is fully recovered Mr. and Mrs. Lockyer and family will proceed to Camrose to continue his recuperation with a wholesome house.

MANY FRIENDS ASSEMBLE
TO HONOR BRIDE-TO-BE
About forty of Miss D. Medlock's friends assembled at the home of Mrs. Hillman on Monday afternoon, when Mrs. Cooper and Mrs. C. Shields were joint hostesses at a very enjoyable tea party given in honor of this popular young bride-to-be. Mrs. Medlock officiated at the tea table for part of the afternoon and Mrs. Alec Smith for the rest of the time. Vases of roses and lovely rose tulips decorated the room.

C. G. I. T. GROUPS HAVE
JOLLY GET-TOGETHER
All three groups of the C. G. I. T. were entertained by the W. M. S. in the recreation room of the United

Church on Tuesday evening. The girls dressed each other in colored handkerchiefs to give an African touch to the party. They had a great time playing various games and contests, and many little prizes were won. A very impressive vespers service, by candle light and led by Miss Huston, took place after the program and before the singing of the closing hymns and the benediction. Miss Huston captured the girls' interest with a story of St. Patrick and Leprechauns, and the girls, illustrating the power of love.

Jack Lupton, from the Smoky, was a visitor in Grande Prairie on Tuesday, after an absence of several months.

Dave Allison and son, Ralph, of the Appleton district were called at The Tribune office on Tuesday. They made the trip by team.

Alex Robinson, of the Clairmont district was among the visitors in Grande Prairie on Tuesday between trains.

Patrick, HENRY returned from the coast on Tuesday looking very much improved. He is now in the hospital at Vancouver, will return in two weeks.

Herman Wilson of Spirit River and J. McEwen of Vancouver, who is visiting at Spirit River, were business visitors in Grande Prairie on Tuesday.

Frank Ryan, manager of Macdonald Consolidated, was in Dawson Creek, was a week-end visitor in Grande Prairie.

Bob Hughes of McLennan has been substituting for Russ Craig at Dawson Creek while the latter is hospitalized for three weeks.

Mr. A. A. Sims, who filled the duties of erecting man and supervisor of construction on Grande Prairie's new flour mill, left on Tuesday night for Edmonton, where he will make his home.

Dr. C. A. Miller of Wembley brought two patients into the Municipal hospital on Friday's train. Miss Ella Palmer of Wembley, who is reported as doing nicely following an appendicitis operation, and Mrs. Stringer of Beaver Lake, who is undergoing treatments.

John Love of Dawson Creek was a passenger on Friday's train en route to his old town after an absence of a year, which time he spent at Vancouver by car. Mr. Love, who had not been to town since before Christmas, described February as a "beast."

John Love of Dawson Creek was a passenger on Friday's train en route to his old town after an absence of a year, which time he spent at Vancouver by car. Mr. Love, who had not been to town since before Christmas, described February as a "beast."
